CATÁLOGO DE PRODUTOS

POR QUE A KITBACO EXISTE?

Produzir metais de alto padrão tem um custo, mas nosso diferencial é pensar no cliente. Se você está no final da obra, já passou por imprevistos, gastou mais do que esperava e cada centavo vale até a casa ficar pronta. Por isso, nossa precificação é simples, justa e transparente.

SOMOS CAPACITADOS

Ninguém compra metais todos os dias, então você não tem obrigação de conhecer a parte técnica desse material.

Temos soluções completas para atender os mais variados projetos e especialistas para escolher item a item o conjunto que vai resultar na casa que você está sonhando.
